Minnesota Hospital PAC
Your voice in politics

What is Minnesota Hospital PAC?
The Minnesota Hospital Political Action Committee (PAC) gives individuals who care about hospital issues the opportunity to speak with a strong, united voice. The Minnesota Hospital PAC makes contributions to state and federal candidates – from both political parties – who support the goals of hospitals. Fundraising activities are conducted jointly with the American Hospital Association PAC.

Why do Minnesota’s hospitals need a PAC?
Each year dozens – sometimes hundreds – of laws affecting health care are introduced in the Minnesota Legislature. Those laws affect all aspects of health care – from health reform to licensure guidelines, from reimbursement to waste handling. No matter what your health care role is, the Minnesota Legislature affects you.

Who can contribute?
Anyone that cares about hospital issues is welcome to contribute to the Minnesota Hospital PAC. CEOs and administrators, members of the medical and management staffs, trustees and volunteers are strongly encouraged to participate. Contributions are voluntary. Support of the Minnesota Hospital PAC is an investment in sound health-care policy.

How are PAC funds distributed?
Minnesota Hospital PAC has its own voluntary board of directors, comprised of members of the Minnesota Hospital Association. The board members decide which legislative candidates should receive campaign contributions. Members are welcome to make recommendations concerning legislative candidates.

One voice is not as strong as many. And although an individual can make a contribution to a political candidate, that single contribution won’t speak as loudly as a contribution made on behalf of the entire industry through a political action committee. Please contribute to the Minnesota Hospital PAC today!

Support Minnesota Hospital PAC by mailing your contribution to:
Minnesota Hospital PAC
2550 University Ave. W., Suite 350-S
St., Paul, MN 55114-1900
