

LEADERSHIP ACADEMY

About the Academy

The MHF Leadership Academy will be an exclusive space for rising health care professionals to connect, grow, and lead the future of care. The Academy will be a professional launchpad designed to empower the next generation of healthcare leaders through professional development and statewide networking to build a strong foundation for leadership success.

Key Benefits

CPHQ Certification Included

In partnership with the National Association for Healthcare Quality, discounted access to the CPHQ program:

- Self-paced LMS access
- e-book and study materials
- Practice questions
- CPHQ Exam registration

The CPHQ credential is only accredited certification in health care quality, equipping leaders with competencies in:

- Patient Safety
- Data analysis
- Performance Improvement
- Regulatory compliance

Leadership Growth & Community

Regular leadership development sessions Expert-led workshops and case studies Access to experienced mentors

In-person gatherings at one of MHA's Leadership conferences

Recognition & Impact

High-performing participants will be eligible for additional awards and recognition, spotlighting those who demonstrate exceptional leadership and engagement.

Why It Matters

The Academy is more than a training program-it's a strategic investment in Minnesota's healthcare leadership pipeline, addressing common challenges such as isolation, burnout, and leadership gaps, fostering a community where leaders thrive.

Let's shape the future of healthcare leadership together!

Spots are limited. Reach out today to nominate participants or learn more:
