2026 HEALTH CARE VIRTUAL CAREER DAY FEB. 12, 2026

The Minnesota Hospital Foundation is hosting an Inaugural Virtual Career Day. More than 2,000 high school, university, and technical college students will be invited to this informative and interactive virtual education webinar. Hospitals from across the state will share clinical and non-clinical hospital career options for students to consider, steps to volunteer or work in a hospital setting now, and advice for learning more about education needed and scholarships that are available.
